EXPLOSION FATAL

Brother Patricius' Death Follows Excitement of Explosion of Motor Craft.

Excitement incident to the explosion of a small motor craft on which he was a passenger caused an attack of heart trouble and resulted in the death of Brother Patricius according to a letter received here by Mrs. F. P. Quigley, from her son Francis, who is spending his vacation at Leonardtown, Md.

Brother Patricius together with six other Brothers were in charge of a party of thirty-seven young men who were spending the summer at Leonardtown. The craft in which the Brothens were in took fire and the members of the party were obliged to jump overboard in order to save their lives, Brother Patricius being the last to leave the boat. Just as he jumped an explosion followed and being a sufferer from heart trouble he expired.

Clarendon Day

Horse Show to be Feature of Celebration July 24

"Clarendon Day," to be celebrated by the staging of a horse show and tournament Saturday afternoon, July 24, beginning at 2 o'clock, at the National Capital horse show grounds, at the south end of the Highway bridge, is a plan decided on at a meeting last night by the committee of the Clarendon Citizens' Association, which was directed at a recent meeting of that body to prepare some form of entertainment to arouse renewed interest in the activities of the association. Permission to use the horse show grounds was obtained from Melvin C. Hazen.

Many entertaining features, including a base ball game, horse and mules races, an old fashioned horse tournament and a horse show will be provided, with the hope of not only drawing a large crowd from Clarendon, but will make the affair attractive to pleasure seekers from Falls Church, Fairfax, Alexandria, Washington and other sections of the county.

While the program is only in a tentative state, it is practically assured that there will be a base ball game, probably betwen the Clarendon nine and the strong Cardinal team of Alexandria, a three quarters of a mile horse race, half mile mule race, quarter mile pony race, the horse tournament and the horse show, which will be divided into three classes—saddle, jumping and harness. GOMPERS AND THIRD PARTY

Declares Attitude of A. F. L. Has Been Clear Many Years

Washington, July 14.—Samuel Gompers, veteran President of the American Federation of Labor, yesterday made a curt reiteration of his stand that the federation wanted no third party.

"The attitude of the federation has been clearly set forth in conventions of the federation for many years in federation publications," he declared. "There is no cause for any change of judgment now."

Gompers referred his questioner to a letter written several months ago and published in the American Federationist under the heading "No Time For Experimenting With Labor Party theories."

"The conventions of the American Federation of Labor from 1881 to the present time have refused to indorse political labor parties," Gompers said in this letter. "These declarations have been accepted without question each year by the great mass of organized workers. In those few instances where efforts have been made occasionally to organize labor parties they have failed of their purpose. Their only achievement has been to divide the vote of the workers, this giving direct assistance to those candidates most unfavorable to labor."

PRIEST ROUTS TRIO

Hits Muzzle of Gun in Hands of New York Thug, Who Gets Bullet

New York, July 14.—The Rev. Nicholas Pichorecki, pastor of the Greek Catholic Church of St. George, yesterday proved himself a fighting priest when he routed three men armed with pistols and knives, who attacked him in his home.

His assailants, two of whom were arrested, are believed to have been seeking revenge for recent sermons in which he severely criticized the bolshevist movement in Russia.

During the scuffle one of the intruders is alleged to have fired at the priest, who struck the muzzle of the weapon with his hand, causing the bullet to enter the shoulder of the man who fired the shot. He also knocked out another assailant, but the third man made his escape before the police arrived. The priest was knocked down 3 times during the fight.

LAUNCHING OF THE THIRD PARTY

Labor And Forty-eighters Form Union at Chicago.

WHO WILL BE LEADER?

Platform Extremely Radical as Compared With Those Proclaimed by Democrats and Republicans.

Chicago, July 14.—The launching of a third party was accomplished this afternoon and unless Senator Robert M. La Follette unexpectedly upsets arrangements, he will be the party's candidate for President on a platform extremely radical, as compared with those of the Democrats and Republicans, but not quite so radical as the extremists here desired and seemed likely Monday to get.

Following are the chief planks agreed on by the Committee of Forty-eight and the Labor Party:

Restoration of civil liberties, including free speech, free press, etc.

Repeal of the Espionage act and sedition laws.

Protection of the right of all workers to strike and a special clause aimed to prevent the issuance of strike injunctions.

Popular election of Federal judges to terms of four years, subject to recall.

Approval of woman suffrage and equal privilege to all, regardless of race, color or creed.

Approval of the initiative, referendum and recall, with a special provision that war may not be declared unless the country is invaded, except by a direct vote of the people.

Abolishment of "imperialism at home and abroad."

Withdrawal of the United States under the Treaty of Versailles from the League of Nations.

Refusal to "permit our Government to aid in the exploitation of the weaker peoples of the earth by capital."

Refusal to "permit the agencies of our Government through dollar diplomacy to exploit other peoples, including an emphatic refusal to go to war with Mexico at the behest of Wall street."

Recognition of the Irish republic and of the government established by the Russian people.

Denial of assistance, financial or otherwise, to foreign armies invading these countries.

An embargo on shipments of munitions for use against Irish or Russian people.

Instant lifting of the blockade.

Abolition of secret treaties and prompt publication of all documents received by the Secretary of State

Withdrawal from "imperialistic enterprise upon which we have already embarked," including the jurisdiction we hold over the Philippines, Cuba and the Dominican Republic.

Democratic control of industry. The right of labor to take responsibility in management, but the application of this principle to be developed in accordance with the experience of actual operation.

Public ownership with democratic control of public utilities, transportation, stockyards, grain elevators, terminal warehouses, pipe lines, natural resources (reservation regarding mines).

Establishment of Government owned national banks, where the granting of credit to individuals or groups would be regulated by Congress to safeguard depositors.

Higher taxes on used and unused land.

Increased income taxes on incomes of more than $3,000 a year, with further allowance of $150 for each child under 18.

Stabilize currency so that it may not fluctuate as at present, carrying the standard of living down with it when it decreases.

Increased production by preventing factories shutting down to stimulate prices.

Labor's bill of rights, including unqualified right to strike and deal with employers through such representatives as they choose; a maximum standard eight-hour day and a 44-hour week in all branches of employment, old age pensions, etc.

The bill of rights is identical with that which was sought of the Republican and Democratic national conventions by Samuel Gompers, president of the American Federation of Labor.

BASTILE DAY

Tricolor Waves in America Today in Commemoration of France's Victory Day.

Washington, July 14.—Official Washington paid honor to France today in commemoration of Bastile Day.

Government buildings displayed the French tricolor with the American flag, President Wilson sent a message of congratulation to the President of France and Secretary Baker placed wreaths on the graves of French soldiers at the Arlington National Cemetery.

Last night General Pershing sent a message to Marshal Foch and the French army, and a similar message was sent by Franklin D'Olier, national commander of the American Legion.

Bainbridge Colby, Secretary of State, in announcing that the French flag would be hoisted over the State Department Building with the Stars and Stripes, suggested informally that the same be done from business houses and residences over the entire country.

General Pershing's message to Marshal Foch in behalf of Americans who served in France follows:

"Your American friends and comrades in arms send to the French army and people their most cordial greetings and felicitations on the inspiring occasion of your 'Victory Day.' Bound together in friendship by historic ties dating from the Revolution, firmly cemented in the world war by the blood of our sons on common battlefields, your people and ours may look with confidence into the future and rejoice together in the present that our unity is unimpaired, and that we have maintained for posterity our high national ideals of liberty and justice. We pay all honor and tribute to the glorious dead who have given their lives in defense of these noble principles. May France enjoy the peace and prosperity which she has so richly earned and which she celebrates today."

DR. F. M. BROOKS FOR CONGRESS

Nominated by Republicans of Eighth District Today

THANKS CONVENTION

Joseph L. Crupper Declines Offer to Enter Race—Leaders Predict Republican Victory in November.

Dr. F. M. Brooks of Fairfax this afternoon was nominated for Congress by the republican convention of the eighth congressional district at a meeting held in the auditorium of the chamber of commerce. The nomination was made by acclamation.

Following his nomination Dr. Brooks made a short address in which he thanked the convention for the honor bestowed upon him and he promised to make an active canvass in the various counties in the district between now and election time next November.

The meeting was presided over by Dr. Brooks and F. Clinton Knight was secretary.

Following the meeting the Congressional committee met and plans for the coming campaign were discussed.

Attending the convention were nearly fifty delegates representing practically all of the counties comprising this district. Letters were read from a number of labor and trades organizations indorsing Joseph L. Crupper for Congress.

Mr. Crupper took the floor and in a speech declined to accept the nomination. He told of two races he had made for Congress, the last being the most satisfactory he said. Owing to the fight to be made in Virginia this time he said he would have to decline the nomination and, as it would take all of his time in looking after the republican interests throughout the state.

Mr. Crupper said they wanted a man who would not conduct any gum shoe campaign but who would come out in the open. Arlington county he said would state off as a republican county. The speaker praised Harding and predicted a victory for the republicans at the polls next November. Concluding he asserted that the people feel they need the republican party to run the government.

Col. W. C. Shelley, of Arlington county, placed in nomination Dr. Brooks. He congratulated the republicans on the nomination of Harding. He urged his hearers to preach the principles of republicanism from now until election day. He predicted that Dr. Brooks would make a vigorous and active campaign.

Others who spoke were C. D. Flannigan, of Louisa, who seconded the nomination of Dr. Brooks and L. L. Freeman, of Vienna, Fairfax county.

APPEAL FOR PLAYGROUNDS

At the chautauqua yesterday afternoon Miss Sheppard of the junior chautauqua, made an appeal for the Alexandria playgrounds, and as a result a collection of thirty dollars was taken. Ice cream cones have been sold each day for this object, and Miss Sheppard turned over to Mrs. Edwin E. Carver, chairman of the Alexandria junior chautauqua committee, $55.50 to be used in buying baby hammocks, or "scoops," for the use of the very small patrons of the playgrounds.

Mrs. Carver then turned the money over to Miss Evelyn Howard, playground teacher, who in accepting it made an interesting talk on the needs of the teachers in carrying on this most essential work, particularly needed in a "city without a park."

Miss Howard stated that the amount already secured is sufficient to buy five hammocks, which will be put in immediately.

Nuxated Iron Will Increase Strength of Delicate People In Two Weeks Time

In many instances says City Physician persons have suffered for years without knowing what made them feel tired, listless and run-down when their real trouble was lack of iron in the blood—how to tell.

If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and are ill for no other reason than the lack of iron. The moment iron is supplied a multitude of dangerous symptoms disappear. Without iron the blood at once loses its power to change food into living tissue and therefore nothing you eat does you good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill when the rollers are so wide apart that the mill can't grind. As a result of this condition the blood and nerve starvation process become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your flagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. You can take no one's word about all the wonders wrought by iron in its proper form, but when you take down to your grocer's and purchase a dollar bottle of Nuxated Iron and note how quickly you are getting back your health, strength and vitality, you will then understand why thousands of physicians and druggists the country over are now prescribing Nuxated Iron for their patients. Nuxated Iron is not a patent medicine nor a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

SLAYS WIFE OF EMPLOYER

Whisky Flask and Cigarette Stubs, Police Say, Indicate Joy Ride

New London, Conn., July 14.—Bernard Geisler, chauffeur, who authorities believe shot and killed Mrs. Arthur Decordova, wife of his employer, on a lonely road near Stonington, Conn., then shot himself, died in a hospital here early yesterday. The shooting came as a climax of what authorities said was apparently a joy ride. The body of Mrs. Decordova was found lying beside a sport auto in which the couple had been riding several hours. Geisler's body was found across a barbed wire fence a short distance away, with a bullet wound in his temple. Between the two was an army revolver.

Farmers who had seen the two during the afternoon said the auto was being driven at a high rate of speed. Examnation of the machine disclosed a half filled bottle of whisky and many cigarette stubs. The body of Mrs. Decordova was taken to Mystic for examination. About $80 in cash and valuable jewels were found.

Mrs. Decordova was passing the summer at the Hotel Griswold with her two children, a boy 21 and a girl 19. Her husband, who brought the family here early in July and returned to New York within a few days, was expected here yesterday.

Geisler did not recover consciousness before he died. Mrs. Decordova was struck by two bullets, one going through her heart and coming out of her shoulder blade and the second striking a corset steel, glancing and lodging in her left side.

YOUNG MEN ARRESTED

Pittsylvania County Man Identified Machine as Drivers Were Unloading Liquor

Danville, July 14.—Samuel Hammon and E. G. Carothers, aged about 25, and hailing from South Carolina, are in jail here charged with stealing an automobile belonging to Kirney Holley, of Pittsylvania county, and with violating the Mapp act. Holley's car was stolen Saturday night. He was combing the town Sunday looking for it when he saw two strangers pass him in his own machine and turn in an alley near a boarding house. He notified the police, who caught the two men lifting a gallon jar from the car.

The police believe that the two men stole the car to make a journey to an illicit still, and had just returned when they were caught unexpectedly. As the liquor was found in a stolen car, the authorities said yesterday that the machine would not be confiscated.

ANTIS LOSE FIGHT

District Supreme Bench Dismisses Petition for an Injunction

Washington, July 14.—The petition of the American Constitutional League, asking that Secretary of State Colby and Attorney General Palmer be restrained from proclaiming the suffrage amendment and also from enforcing it, was dismissed yesterday by Justice Bailey, in the District Supreme Court, after Edward B. Wheeler had completed his argument in behalf of the petition.

In dismissing the petition, Justice Bailey held that the court did not have jurisdiction to inquire into the methods by which ratification of the amendment was obtained in the several States.

DODSON WARNS CALOMEL USERS

It's Mercury! Attacks the Bones, Salivates and Makes You Sick

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

As the Shadows Lengthen

—"Eighty years old today, William, and you don't look sixty. Think of it! Too many years to put candles on your birthday cake. They wouldn't all fit on."

—"Yes, that's a good many years, Ma—quite a long while. But it's been a pretty happy life, all told. I've had my share of pain and sorrow, as you've had yours. And my health has been pretty good, too. Only one thing ever bothered me very much."

—"You mean those bad spells you used to have?"

—"Yes, and I can trace them all back to constipation. You remember the salts, pills, castor oil and laxative waters I used to take—only to make things worse?"

—"Yes, and we used to think that because you were getting old you had to suffer. We seemed to take that for granted, somehow. Foolish!"

—"Ma, just let any old-timer come around and try to tell me constipation in old people can't be remedied! I'd soon let him know something.

Look at my case — suffered right up until the time that young doctor recommended Nujol. And Nujol certainly brought me right out of my trouble. I learned what it was to have natural, easy bowel movements. I picked up in weight and felt spryer and happier than I'd felt in many a day."

—"Nujol seems to be the thing for us old folks, William."

—"It certainly is, Ma. As you get older there is less natural fluid secreted in the intestine to moisten the waste matter and keep it soft, and constipation naturally follows. Nujol takes the place of the deficient mucous. You see, Ma, those drugs I'd been taking irritated and forced the system. *Nujol simply softens the food waste.* This helps all those little muscles in the walls of the intestines to squeeze the food waste along and out of the system."

—"And do you know another reason why I like Nujol, Ma?"

—"Why, William?"

—"Because it is pleasant to take and absolutely harmless."

Nujol is sold by all druggists in sealed bottles only, bearing the Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet, "Thirty Feet of Danger".

CHIP OFF OLD BLOCK

Son of "Rebel Pat" Woods is Special Officer at Shield's Lake

Pat Woods, life guard at Shield's Grove lake, Byrd park, was yesterday sworn in by City Clerk Alfred H. McDowell as a special police officer with power of arrest. Mr. Woods is a son of Captain Pat Woods, who was the central figure in an interesting case fifty years years ago in Richmond.

Captain Woods, a fiery Confederate, was approached by a "Yankee" congressman, the Hon. John Porter, of Pennsylvania, who demanded to know how Woods had voted. The latter responded by knocking the congressman down. A negro, who went to the assistance of Porter, was severely thrashed by Woods. Woods was arrested for assaulting a federal officer. He was taken to Washington for trial, convicted and sent to prison for 3 months. The case excited intense feeling against the federal officials throughout the Southern country, the War Between the States having ended only a year earlier. The trial of Woods was reported in the newspapers throughout the United States and Pat Woods became a national celebrity. While the trial was in progress he was moved several times from Richmond to Washington. For a long time he was held a prisoner in the state capitol building here under a heavy federal guard.

Young Pat Woods inherited the powerful physical build of the doughty Confederate. He is about 36 years old; weighs 190 pounds, has the sturdy shoulders and big biceps of a wrestler and is an all round athlete. Last Saturday he made his first arrest at the lake, where he is serving as a life guard. He took into custody a youth whom he caught molesting several young girls.—Richmond Journal.

TO PLAN ENFORCEMENT

Germans Fail to Meet Allied Demand For Fuel Deliveries

Spa, Belgium, July 14.—A deadlock has been reached by the Allied representatives and the Germans on the coal question, and Marshal Foch and Field Marshal Wilson, the Allied military chiefs, have again been summoned to discuss possible enforcement measures.

The Allied premiers, having been informed that the Germans were ready, called a meeting for 5:30 o'clock yesterday evening, instead of today, as planned. The German reply was not acceptable and the summoning of Marshal Foch and Field Marshal Wilson, it is understood, means immediate measures to enforce the treaty unless Germany modifys her attitude.

BOY BURGLAR

We often read of juvenile incorrigibility in other cities, but generally lose sight of the fact that we have such undesirables in our own midst. Robberies of stores by boys, both white and colored, are common occurrences in Alexandria. The offenders are generally taken in custody by the police, but the humane laws concerning juvenile offenders and the pleas of parents or others to whom they are connected often prove potent factors in enabing such youngsters to escape the penalties of their crimes.

Recently a negro boy of this city who had been sent to a state reform school took French leave of the institution, made his way back to Alexandria, and within a few hours after his reappearance here broke into Frederick Ayers's store on King street and stole sundry articles, including a bicycle. He was brought before the grand jury today.

To their great vexation, the police were informed this morning by Messrs. Monroe and Monroe, who conduct a grocery store on the east side of Royal street, between King and Cameron, that their place of business was entered again last night and several articles, including a box of cigars, had been carried off. This is the fourth time this store has been robbed during the past week or ten days.

The police department has been satisfied that these robberies are the work of boys, and they soon took in custody a youth named Meade, who has on several previous occasions been in the Police Court on sundry charges. On one occasion he was placed in an institution near Baltimore, where it was stipulated he would be kept until he arrives at the age of manhood. After remaining in the institution about two years, his relatives succeeded in having him paroled, but upon reappearing in Alexandria he resumed his former course. He says he is twelve years old, but would pass for sixteen or eighteen. Arrangements will be made to place him in an institution where he will be compelled to stay until he reaches his twenty-first birthday.

DEATH OF MRS. SWANSON

Mrs. Elizabeth Lyons Swanson, wife of Senator Claude A. Swanson, who has been in declining health during the past year or more, died at her home in Washington, early last night. The people of the entire state represented so ably in the United States Senate by her husband, express their earnest sympathy to those to whom she was dear and dear in the hour of their sorrow.

The death of Mrs. Swanson recalls the fact that the wife of the late Senator Thomas S. Martin passed away at her Virginia home while her husband was being pressed by the duties of his position as Virginia's senior Senator. He was kept on the go between Washington and Charlottesville, laboring in the upper branch of Congress but passing as much of his time as he could spare from his official duties at the bedside of his dying wife. Mr. Swanson has been passing through a similar trying experience.

During the latter part of 1872, when the late Horace Greeley was campaigning for President, the wife of the famous editor was dying. A few weeks before the election she breathed her last. The blow soon brought Mr. Greeley's active life to a close. He died in a sanitarium in New York state a few months later, and one of most dismal pictures we ever saw represented his funeral cortege proceeding over a country road in a blinding snow storm on its way to New York city. Truly, we all have our seasons of poignant sorrow.

NEW PARTY MINUS A HEAD

Leaders of the new party, born in Chicago yesterday, were striving desperately last night to solidify the strength of the minor groups, from which it came, into an amicable power of politics. These groups included the Labor Party and the Committee of 48, Single Taxers, Non-Partisan League, World War veterans and several others.

Early moments of the new party's life were fraught with menacing situations; the joint chairmen of the Labor Party and the Committee of 48 battled for hours to keep the jealousies and distrusts of the rival groups submerged and the road open for the transaction of business.

Several times in the long drawn-out afternoon session a break appeared on the far away. Peacemakers were called to the platform several times and by their appeals to the common aim of the delegates staved off, at least temporarily, the movement toward a break.

The new organization is at present headless. Many of its members have their eyes turned on Senator La Follette, of Wisconsin, who it is said, will lead the party if the plahtform suits him.

The convention is represented as a menagerie, the various factions keeping up a turmoil after uniting It looks as though the new political party is to die aborning.

SIGNIFICANT DREAMS

There is an old saying to the effect that coming events cast their shadows before.

The mother of Carl Wanderer, of Chicago, who has confessed that he murdered his wife and a stranger with whom he had arranged a fake robbery, dreamed six years ago her son was being hanged, Mrs. Bernard G. Roth, Wanderer's sister, said yesterday.

"She told her family of the dream, declaring, she plainly saw Carl being hanged, said Mrs. Roth. "She seemed very much worried over the dream, and said she could never live to see her boy hanged. The next day we found mother dead in her room."

During our revolutionary war a sister of the unfortunate Major John Andre, who was hanged as a spy by the Americans, dreamed one night that while passing near a small town in America she saw a man hanging by the neck. Upon drawing near she was horrified to find it was her own brother who had met a felon's death. She made a note of the day and hour of the dream, which affected her seriously, and anxiously awaited news from America. It took almost a month at that time to get news across the Atlantic, sailing vessels being then the mail carriers. When a ship arrived with letters and papers from this continent the distressed young woman was quick to acquaint herself with news from America. Imagine her distress when one of the first articles she read was a description of the treason of Benedict Arnold and the subsequent hanging of her brother on the day she had the portentious dream.

MESSENGERS UNDER ARREST.

Jacksonville, Fla., July 14.—John Holder, aged 25, express messenger, and L. R. Dukes, aged 20, a former messenger, were lodged in jail here Monday night, charged with having robbed the express car on Atlantic Coast Line train No. 39 near here last Friday. The men, according to special agents of the express company, made a joint confession.

It was announced that virtually all of the $7,000 taken from the car had been recovered.

After securing the $7,000 in currency from the safe, Dukes, according to his confession, dropped it from the moving train and went back to the spot in an automobile from Baldwin and then returned to Jacksonville.

AMERICAN LEGION NEWS AND NOTES

Two thousand paid up new members were added to the American Legion in the Virginia Department in recent big membership "push" according to figures made public by the department adjutant at Richmond. All local posts of the Legion are continuing the enrollment of new members before the coming annual State Convention.

This meeting will be held in Richmond, and will be representative of every class in the Old Dominion. There will be a far greater attendance this year than last, due to the growth of the Legion in the past 12 months, and many matters of vital importance to the State and Nation will be discussed. New members enrolled in the recent drive will entitle these posts to greater representation.

Since the executive committee selected Septmber 2, 3 and 4 for the convention, at least one other gathering of ex-service men has been planned for the same week in Richmond, promising a big reunion of boys who saw service in this country and "Over There." Several thousand men are expeected to be in Richmond during the week, according to latest estimates.

National headquarters describes the recent big membership "push" of the American Legion as the "Legion's first fight for itself," Then it asks "Are we going to stop and drift sublimely where life's trade winds blow us? Are we going to forget the Marne, the Aisne and the Vosle, the Argonne, St. Mihiel and Soissons? The country is before you. Will you help to make the greatest and finest country in the world even a better country? The American Legion will help to the fullest extent of its power."

The Legion's fundamenta purpose is the development of sound, aggressive Americanism and citizenship in its members and all other citizen. So long as the spirit of true citizenship remains alive throughout the country, its citizens as a whole will secure honest, capable service from their public official and sound provisions in legislation. Therefore the Legion's task is confined to the development and maintenance of this universal Americanism and good citizenship. Particular decisions on questions of public policy it leaves without comment to the judgment of the individuals concerned.

Send your name and address, your command to which you were attached to and your civil occupation; also the post you desire to join, if you know it. Mail same to the American Legion, Department of Virginia, 1060 Mutual Building, Richmond, Va.

HINDENBURG FIRED AT

Berlin, July 14.—An unknown man broke into Field Marshal Hindenburg's house yesterday and fired at the field marshal.

The bullet missed its mark and the man escaped.

The field marshal was alone at the time and attempted to call a servant. The intruder grappled with the field marshal and during the struggle fired his revolver. The culprit then broke away and made his escape.

He is believed to be a member of a gang of burglars.

PAYS $125,000 FOR COLT

Aqueduct, N. Y., July 14.—The highest price ever paid for a two-year-old in this country was recorded here yesterday when Samuel C. Hildreth obtained Inchape, a chestnut colt by Friar Rock-Rose of Gold, for $125,000. An offer of $100,000 made by Hildreth after the colt's victory in the Tremont stakes last Saturday was refused by Trainer Fred Burlew, acting for his employer, J. H. Rosseter, the California sporting magnate and breeder.

Samuel C. Hildreth is associated with Harry N. Sinclair, member of the State Racing Commission, in extensive turf interests.

Inchape has started twice this year and was successful on both occasions. He was bred in California.

A Week's Wash for a Few Cents

And Done in Ten Minutes

Clean Easy Naptholeine Wash Soap has revolutionized washing. From every corner of this country, women enthusiastically say it is the best thing ever made to reduce household work.

Think of it—an average week's washing done in ten minutes, and for only a few cents! This is almost unbelievable, but true—and you can prove it.

Buy a bar of Clean Easy from your grocer. Soak your wash in cold water, preferably over night. Cut a ½ bar of Clean Easy into 4½ gallons of water. Boil, let chips dissolve, put in clothes and stir with a stick for ten minutes. There is no need to rub or scrub. Simply rinse, blue and dry—and the clothes are clean, sterilized and wholesome.

And it is wonderful how much longer clothes wear when washed with Clean Easy. You know, you don't scrub them to death and Clean Easy doesn't harm the fabric. You save yourself misery, time, trouble and expense.

Clean Easy is good for many things. Full directions are printed on the inside of the Clean Easy wrapper. Follow them, and you'll be amazed at the wonder work Clean Easy will do for you. Notice how different Clean Easy looks from other soaps. At your grocer's.

KILLED IN BREAD RIOT

Rome, July 13.—A dispatch to the Tempo from Corleto Perticara reports that three persons, including a little girl, were killed and several persons injured Sunday during a conflict between the police and a crowd which was carrying out a demonstration in opposition to the rationing of bread.

Deck paint for porch floors

Porch floors are exposed to rain, sleet, snow and extremes of heat and cold. It takes a mighty good paint to stand up under such conditions. More than that—it must be proof against the tread of many feet. We guarantee that

will give you the longest wear on your porch floors. It's made for boat decks. Think of the wear and tear—salt water spray, tropical heat, zero weather, and the scraping and scratching of hundreds of heels.

RICHMOND—WALLACE REID

"The Lottery Man," at the Richmond tonight is one of the funniest of all stage comedies, has been made into a Paramount-Artcraft picture with Wallace Reid as star.

In this the hero offers himself in a lottery at a dollar a chance, he to marry the winner. It's as funny as it sounds.

If you have a husband, need a husband, are a husband or would be a husband, here's a picture with more fun and excitement than any circus when you were ten.

JAMAICA GINGER HAS "KICK"

Liquor Sold as Medicine, Easily Bought, Makes Many Addicts

Pittsburgh, July 14—Essences and tinctures of jamaica ginger containing more than 90 per cent "non-beverage" alcohol are playing havoc among the foreign population of the lower north side, according to the Woods Run police.

The stuff is handled by nearly every small grocery and confectioner in the district, police say, and while it is prepared ostensibly for medicinal uses it is bought freely for beverage purposes.

Persons drinking "Jakey" fall into a stupor from which they do not emerge for a day. In some instances they have become violently ill.

Hundreds of thousands of bottles of the fluids have been sold, it is declared, but as there is no way to prove the purchaser is buying it for other than medicinal purposes, it is impossible to stop the practice. Police say use of the ginger becomes a habit not unlike addition to drugs.

MOB ATTACKS RAIDERS

Federal Agents Forced to Call on Police to Save Them From Crowd.

Philadelphia, July 14.—While prohibition enforcement agents raided an "empty" house in the rear of 725 Pemberton street yesterday afternoon, several hundred foreign residents of that section entered the place and stole fifty cases of intoxicants

Four cases of liquor also were taken from the Federal agents after they had fought their way through a crowd of several thousand and placed it on the motor truck.

Intoxicants valued at $12,000 were obtained by the agents. Residents of the section became so incensed over the raid that it was necessary for a riot call to be sent to the Second and Christian and Fourth street and Snyder avenue police stations. A score of policemen in two patrol wagons responded.

Two agents were punched as they carried a barrel of whisky from the house and placed it on the truck. One man offered an agent $2000 to leave the house and "forget there is such a place in Philadelphia."

PARENTS SUSPECTED

Armenian Doctrine of Sacrifice Comes up in Pennsylvania Murder

Allentown, Pa, July 14—When a girl is wilful, misbehaves and disobeys her parents they must kill her to save her soul, is an Oriental doctrine.

Acting on this, Allentown police yesterday grilled for several hours the mother of Miss Armenia Gorgodian, a 17-years-old, high school girl, and her sister, Mrs. Virginia G. Davis, 22, who were mysteriously shot to death in the garden of their parents' home, 420 Washington street, on Sunday night.

For Allentown authorities suspect these people, schooled in the doctrines and superstitions of an eastern race, of having murdered their beautiful daughters rather than have them commit wrong.

How many miles did you march the summer Cleveland was nominated

REMEMBER the time the first automobile parade was organized? Even the good old torchlight procession had to give way before the advance of progress.

Tires are often sold the same way politics are.

The last people to wake up to what they are getting are the *people who pay the bills.*

The bills are getting *too big* these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a *moderate-price car.*

III

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.

He needs it *more than anyone else.* It's part of our job, as we view it, to *see that he gets it.*

Our tire service starts with *good tires*—U. S. Tires. *All sizes* made to a *single standard* of quality—none graded down to the price of the car they will go on.

U. S. perfected the first *straight side automobile tire*—the first *pneumatic truck tire.*

The U. S. guarantee is for the *life of the tire*, and not for a limited mileage.

IV

When we recommend and sell U. S. Tires we do so in the interest of *greater tire economy.* It is our experience that that is the *best way* to build up a sound and sizable business.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

Chicago Mendicant Proves an Rumer He Lost Feet in War

Chicago, July 14.—John Liston has been prosperous since the war with Germany. He is a professional beggar and wheels himself around in a little chair. Some how the word passed around that his condiiton was due to injuries received in battle in France.

Yesterday the police noticed that John had sent up his begging establishment directly in front of the detective bureau and they kept tab on the donations. When he was directed to move to another locality, John grew abusive and the police escorted him inside and took an inventory. They drew coins from every pocket, a total of $50.56 for the few hours he had been at work yesterday. A bank book showed deposits of $664.29 with a single deposit of $200 on June 28, which represented the banner day.

Linton said he had lost his feet in a railroad accident several years ago when he was a brakeman in Montana.

A THOROUGH TEST

One To Convince the Most Skeptical Alexandria Reader

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical.

Alexandria residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

J. B. Mills, marine engineer, 312 S. Lee St., Alexandria, says: "I have taken Doan's Kidney Pills off and on many years for backache and other kidney trouble. I have always had fine results. A few of Doan's regulate my kidneys and strengthen my back if it feels at all weak and lame. I get Doan's at the Warfield Drug Store."

Mr. Mills gave the above endorsement, on April 13, 1915 and on March 17, 1919 he added: 'Doan's Kidney Pills are certainly fine. If my kidneys get out of order it only takes a few of Doan's to fix me up."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney pills—the same that Mr. Mills had, Foster Milburn Co., Mfgrs., Buffalo, N. Y.

MILL SALE OF HIGHEST GRADE STATIONERY
Involving Odd Lots From One of the Best Known Mills in the United States
We have secured several thousand boxes of finest papers from one of the largest manufacturers in the United States with mills in Pittsfield, Mass., and offer them at great price reductions. These are the "overruns"—in white and fancy shades, plain gold beveled, silver beveled; some lined envelops, and some have the paper beveled and the envelops plain.
We have been requested not to advertise the paper by name. They are carried by all high-class stationers but papers are watermarked with the "magic" name, and it also appears on the boxes. This name is to "stationery" what "sterling" is to silver.
To this splendid collection we have added a number of fine boxes with tissue and fancy linings, similar to those which we had on sale before and at the same price. Two prices cover this most important event; 65c—8 for $5.00; 89c—6 for $5.00.

It is with difficulty that Michaels is able to articulate.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again—**shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only
EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
